This report lists underground storage tanks owned by Local government that were out of compliance on 5/24/2007 and remained out of compliance through 8/7/2007.

All violations resulted from initial inspections performed by Pennsylvania Department of Environmental Protection (Department) certified, third-party inspectors.

* Violation(s) being addressed in accordance with Department Guidance ID# 257-3120-002, Storage Tank Program Internal Policy on Inspections and On-Site Visits, effective September 24, 2005.

** The City of Philadelphia facilities are under a multi-site consent order and agreement with the Department. The agreement includes an upfront penalty and all facilities must come into compliance by June 30, 2010. There are stipulated penalties if the City fails to meet the agreed upon schedule for compliance.
