Dear Administrator Johnson:

TENNESSEE VALLEY AUTHORITY (TVA) - FEDERAL FACILITIES UNDERGROUND STORAGE TANKS (UST) COMPLIANCE REPORT SUBMISSION

TVA is pleased to submit its UST compliance strategy report as required in the *Underground Storage Tank Compliance Act*, Pub. L. 109-58, Title XV, § 1528. In order to help establish a central point of information for federal UST's, TVA has prepared its report utilizing the database and Standard Tables made available on Fed Center by the Federal Facilities Enforcement Office (FFEO) and Office of Enforcement and Compliance Assurance (OECA). A brief description of each table and its applicability to TVA follows. We are enclosing only those Standard Tables that are relevant to TVA's situation.

Table 1 - Location and other information for UST's owned and operated by a federal agency. TVA is enclosing this table.

Table 2 - Location and other information for UST's a federal agency owns, but does not operate. TVA has no such tanks, and this table is not enclosed.

Table 3 - Location and other information for UST's a federal agency operates but does not own. TVA is enclosing this table.

Table 4 - Location and other information for UST's located on federal land, but neither owned nor operated by a federal agency. TVA is enclosing this table

Table 5 - Inspection information for UST's listed in Tables 1, 2, or 3. Table enclosed.

Tables 6a and 6b - Violation information for tanks listed in Tables 1, 2, or 3. There was no data regarding violations for these tanks and these tables are not enclosed.

Tables 7a, 7b and 7c - Compliance information for tanks listed in tables 1, 2, or 3.

Tables 7a and 7c are enclosed. Table 7b is not enclosed since there were no tanks currently awaiting a compliance determination at the time of the data being compiled.

Table 8 - Operator training information for tanks listed in tables 1, 2, or 3. TVA is enclosing this table.

Administrator Stephen Johnson
