Data Charts and Tables

Note: This information does not indicate whether (or to what degree) the public has been exposed to toxic chemicals. Therefore, no conclusions on the potential risks can be made based solely on this information (including any ranking information). For more detailed information on this subject refer to [*The Toxics Release Inventory \(TRI\) and Factors to Consider When Using TRI Data*](#) document.

The information in these data charts and tables contain the same information in EPA's TRI Explorer (www.epa.gov/triexplorer), as of October 2012.

Note: A few TRI facilities report chemical releases for more than one industry sector. Such facilities' disposal or other releases will be separated into the individual industry sector in Section C. Section B has all reported disposal or other releases for each facility.
