NCCT – NHEERL Data Request and Confidentiality Agreement

In the spirit of cooperation and coordination within EPA, the parties whose signatures are affixed below agree to internally share specific prepublication raw (and/or normalized) data and to keep these data confidential. Specifically, this data request and confidentiality agreement refers to accessing data generated from the following sources:

1. ToxCast high throughput screening assays conducted outside of NHEERL;
2. ToxRefDB toxicity data curation activities for experimental data developed outside NHEERL;
3. Virtual Liver experiments, knowledgebase or simulation (not to include data that are from a collaboration with NHEERL);
4. Virtual Embryo experiments, knowledgebase or simulation (not to include data that are from a collaboration with NHEERL).

NOTE: Data generated solely by NHEERL scientists or in collaborations with scientists within and outside ORD are subject to the provisions in the NHEERL Data Management Policy)

TERMS OF CONFIDENTIALITY

1. I agree that the data defined above are to be shared only within the immediate working group of the EPA investigator who is requesting access to the data.
2. I agree to inform all individuals in the EPA investigator's working group that these data are to remain confidential.
3. I agree not to present or publish these data, or interpretations of the data, without the prior written approval of the NCCT Director.
