NYRAEF, "Green Hospitality Initiative 2"	Provided nine workshops, as well as additional mini-trainings. NYSRAEF sent out over 500 fact sheets and copies of their greening restaurants workbook. NYSRAEF conducted 41 follow-up visits to check on their greening efforts. Results reported came from three case study example restaurants. The case studies showed, in detail, what P2 measures the restaurants. Examples include reducing toxics by replacing insecticides with more ecologically-friendly treatment methods; reducing water consumption by replacing faucet heads; reducing energy consumption by installation of fluorescent/LED lighting, etc.	X9-97202011			1	29,779	259,150	\$124,041
