

## INCIDENT REPORT

**1) Time Incident discovered:** Approximately 2:28 AM Date: 17 March 2008

**2) Time Contained:** Approximately 2:45 AM Date: 17 March 2008

**3) Approximate location and type of accident (Fire, Spill, Explosion):**

Small fire in building #1619. Started and contained in a non production outer bay on the southwest end of the building. Note: There is no electrical power nor any other known ignition source in that area. AREA USED FOR STORAGE OF CONTAMINATED MATERIALS.

**4) Material Spilled/Property Damage:**

None! The damage was contained to the corners of two wooden pallets (partially burned). There were two 1 gallon size rubber buckets that were possibly contaminated with explosive residue burned on one of the pallets. Buckets were contaminated - as were pallets. Smoke / soot - fire not hot enough to burn pipes.

**5) What damage to people, facility, or the environment is likely:**

None.

**6) How was incident discovered:**

Discovery of the fire was by an employee visibly seeing smoke in the building.

**7) Were procedures followed:**

Yes, emergency and evacuation procedures were followed.

**6) Investigation Results:**

**Known Facts**

- a) There was no likely or known ignition source in or near the area of the fire.
- b) The fire started in an isolated area.
- c) No known personnel were in that area.
- d) Fire contained and extinguished with an ABC fire extinguisher.

**Unknown Facts**

- a) Fire ignition source.
- b) Extent of contamination on pallets and rubber buckets.

**7) Investigation Conclusions:**

Inconclusive evidence to determine the actual cause of this fire. This investigation will continue.

- 8) What has been done to prevent a reoccurrence? Describe any corrective actions:
- a) Continuous training in Housekeeping Procedures.
  - b) Reinforcement of Non Smoking Policy.

Investigated by:

Print name: Kenneth Lampkin

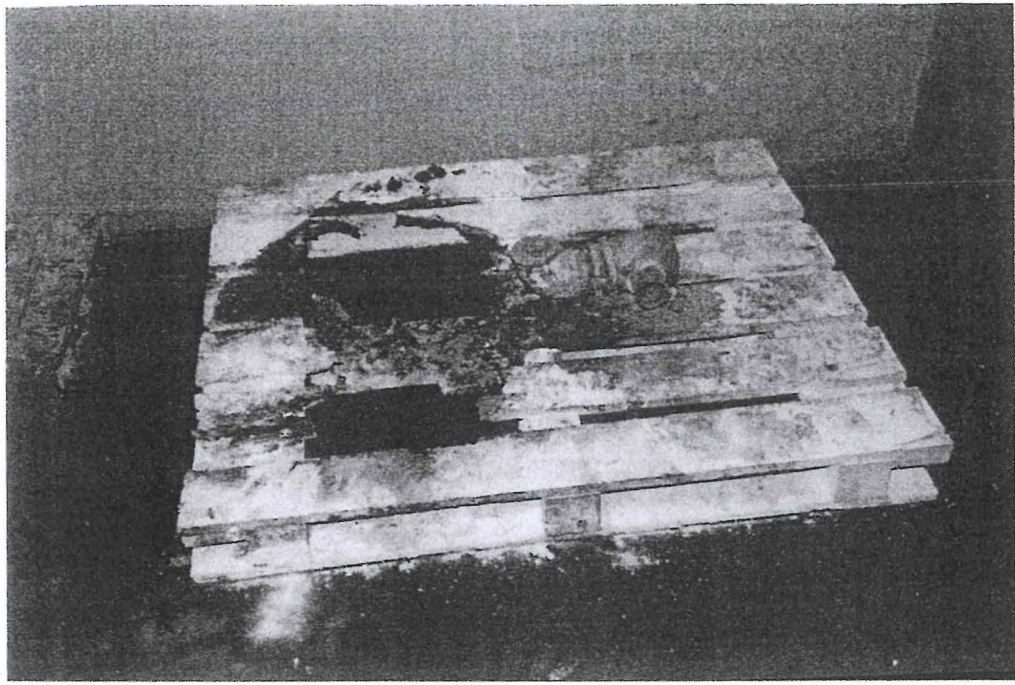

Signature: 

Title: Quality/Safety Manager

Phone # (318) 382-8700

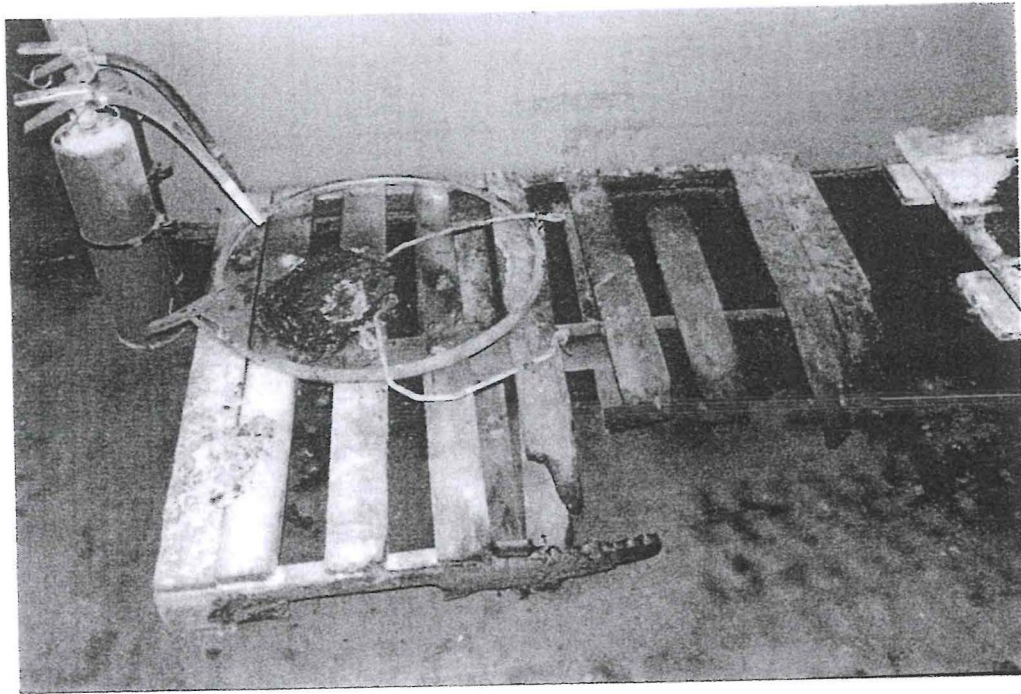

Date: 02 April 2008

They believe FIRE WAS STARTED BY AN  
Employee SMOKING AND TOSSING CIGARETTE ALTHOUGH NO  
EVIDENCE OF THAT WAS FOUND.
