

Instructions Fuel Manufacturer Annual Report for Motor Vehicle Gasoline or Diesel Fuel

GENERAL INFORMATION

Any manufacturer of a fuel registered by the Environmental Protection Agency must submit a Fuel Manufacturer Annual Report for that fuel in order to keep the registration in force.

Fuel Manufacturer Annual Reports are to be submitted on or before March 31 for the preceding year or part thereof.

One copy of an Annual Report should be completed and submitted for each registered fuel.

Completed form(s) should be sent:

Via U.S. Postal Service

Specific instructions for completing the form follow.

The EPA is responsible for assessing the impact on public health and welfare from exposure to motor vehicle emissions. Knowledge of fuel composition, as reported by each manufacturer, is an important aspect of this program.

SPECIFIC INSTRUCTIONS

Please type (best results are obtained using standard fonts such as Courier or Arial) or print the information using a dark-colored ink. If using a photocopied version of the form, please ensure the copy is clean and has been copied to 100% of the original page size.

- Item 1. Company Name: Enter the company's legal name.
- Item 1a. Company ID: If known, enter the EPA assigned Company ID.
- Item 2. Address: Enter the address of the company office responsible for submitting this form.
- Item 3. Report Year: Enter the year for which the company is submitting the report.
- Item 4. Fuel ID: Enter the EPA assigned Fuel ID. If you do not know it, leave blank.
- Item 5. Brand Name: List the brand name under which your company markets the fuel described on this form. If you market it under more than one name, list the first name listed on the "Fuel Manufacturer Notification for Motor Vehicle Fuel," EPA Form 3520-12.
- Item 6. Fuel Properties: To the extent known, provide the highest, lowest, and average concentrations, in weight percent, for the listed characteristics/properties. Also, mark whether methods of analysis for (a) through (f) are the same as previously reported.

If not, provide the correct method of analysis for the affected item. For any item for which measurements are not available, enter "Not Measured." If a standard method of analysis is used, identify it (e.g., ASTM D1319), otherwise describe the method used on a separate sheet. Please use metric measurements.

Also provide characteristics (g) through (m) for the gasoline or diesel fuel you are reporting.

- Item 7. Mechanisms of Action: Self-explanatory.
- Item 8. Confidential Business Information: Check the number(s) of those items for which your company asserts a claim of

confidentiality.

- Item 9. Certification: The notification form must be signed and dated by the fuel manufacturer or its authorized agent. The printed name of the signer and the signer's telephone number should be given. If the form is signed by an authorized agent, the company must provide a letter authorizing such agent.
