The Gold King Mine (Colorado) Spill Impacts

Bureau of Indian Affairs is providing livestock water to Navajo communities affected by the river closure. Residents will need to supply their own portable water transportation containers. Tanks will be refilled as needed as long as the river remains closed.

Livestock water is currently available at the following locations:

ANETH CHAPTER HOUSE
- 12,000 Gallon Water Tank

GADII’AAH/TO’KOI (CUDEII) CHAPTER HOUSE
- 12,000 Gallon Water Tank

MEXICAN WATER / FIVE POINTS
- 12,000 Gallon Water Tank
