CDX Registration

December 5, 2012

Office of Chemical Safety and Pollution Prevention

Agenda

- Welcome and Overview
- CDX Registration Updates & New Features
- Demo of CDX Registration for CSPP
- Existing User Impact
- Resources
- Q&A

CDX Registration Updates & New Features

- The core registration process has been modified to request information in a different order:
 - program service,
 - program service role (and additional role information),
 - user information,
 - organization information
- User must verify their email address after providing core registration information
- When registering for the first time, the first organization a user adds will become the **primary organization**. The user's primary organization is important because it indicates the user's primary email address in CDX.
- The **primary email address** is where all CDX email correspondences and notifications are sent to unless indicated otherwise.
- Users will be able to search and or add organizations located in the United States, Canada, or other international countries.

Welcome

Welcome to the Environmental Protection Agency (EPA) Central Data Exchange (CDX) – the Agency's electronic reporting site. The Central Data Exchange concept has been defined as a central point which supplements EPA reporting systems by performing new and existing functions for receiving legally acceptable data in various formats, including consolidated and integrated data.

- 1. Identity Verification
- 2. Electronic Signature Agreement

This particular registration requires additional proof of identity. Your options are to print and submit a signed form through U.S. Postal Mail to the U.S. Environmental Protection Agency, or optionally use LexisNexis®, an independent 3rd-Party electronic identity proofing service.

Note: By clicking [Proceed to Verification] you understand the service is totally voluntarily and that you are validating personally identifying information including last 4 digits of SSN against a 3rd-Party service LexisNexis®, which will return evidence of validation of your personally identifying information back to the U.S. Environmental Protection Agency. The U.S. EPA will not collect or retain sensitive, personally identifying information such as SSN; however, EPA will receive evidence of identity and organization affiliation validation which may be used to identify you and your organization affiliation for legal purposes.

EPA uses third party sites to provide EPA content in a different format that may be useful or interesting to you. When we use these sites, the information we provide is consistent with the intended purpose of the EPA website. Please be aware that the privacy protection provided on third party sites that are not a part of the epa.gov domain may not be the same as the privacy protection described here.

You may [sign the paper form](#) if you do not want to use the automatic verification process.

Chemical Information Submission System

Please Choose a Submission Type

Chemical Data Reporting (CDR) ▾

OK

The Chemical Data Reporting (CDR) rule requires manufacturers (including importers) to report to EPA information concerning the manufacturing, processing, and use of certain chemical substances listed on the CSPP Chemical Safety and Pesticide Programs. Click OK to complete the CDR form, Form U, using the e-CDRweb software.

The software includes embedded help files and a downloadable user manual to guide you through the CDR submission process. Submit information for all reportable chemical substances at your site in one Form U. Note that a separate CDR submission is required for each reporting site. If you are not reporting on CDR, please select a different application in the drop-down menu.

Paperwork Reduction Act Notice

The annual public burden for this collection of information, which is approved under OMB Control Number 2070-0162, is estimated to be approximately 137 hours per response for a full report and 54 hours per response for a partial report. A full report includes manufacturing, processing, and use information. A partial report includes manufacturing information and does not include processing and use information. According to the Paperwork Reduction Act, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information; processing and maintaining information; and disclosing or providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB number. The OMB control number for this collection appears above. In addition, the OMB control numbers for EPA's regulations, after initial display in the final rule, are listed in 40 CFR part 9.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden (including the use of automated collection techniques) to: Director, Collection Strategies Division, U.S. Environmental Protection Agency (Mail Code 2822), 1200 Pennsylvania Ave, N.W., Washington, D.C. 20460. Include the OMB control number in any correspondence, but do not submit the completed form to this address. The requested information should be submitted in accordance with the instructions accompanying the form, or as specified in the corresponding regulation.

Existing User Impact

Existing users may experience one of the following scenarios when logging into CDX:

- 1. Active Legacy CDX User Account:** If the user's password was active in the legacy CDX web system, after successful log-in, the user will be prompted to provide three security questions and answers before accessing their MyCDX landing page
- 2. Password Expired for Legacy CDX User Account:** If the user's password was expired in the legacy CDX web system, the user will be prompted to change their password, and then prompted to provide three security questions and answers before accessing their MyCDX landing page
- 3. Password Locked for Legacy CDX User Account:** If the user's password was locked in the legacy CDX web system due to failed login attempts, the user will have to correctly answer a security question and will be emailed a password reset link. After successful log-in, the user will be prompted to provide three security questions and answers before accessing their MyCDX landing page
- 4. Legacy CDX User Account Locked:** If the user's account was locked in the legacy CDX web system, the user will be prompted to contact the CDX Help Desk. After successful log-in, the user will be prompted to provide three security questions and answers before accessing their MyCDX landing page

Users will always have the option of calling/emailing the CDX Help Desk if they require assistance with accessing their CDX account
