# Section 8(a) PAIR and FYI Reporting Webinar

September 18, 2012

Office of Chemical Safety and Pollution Prevention

# Agenda

- Welcome and Overview
- Section 8(a) PAIR and FYI highlights
  - Browser-based Application
  - Security
  - Roles
  - Industry Beta Testing
- Demo of CDX Registration and Section 8(a) PAIR and FYI Web Tool
- Resources
- Questions and Answers

## Section 8(a) PAIR and FYI Highlights & Security

- Browser-based Application
- Submission of Section 8(a) PAIR and FYI Data facilitated via EPA's Central Data Exchange (CDX)
  - Enables companies to electronically submit data
  - Provides secure exchange of confidential business information (CBI) data
  - Improves security using digital encryption
    - All data is encrypted in transit to Federal Standards
    - Sensitive data is encrypted at rest to Federal Standards
    - All sensitive data remains encrypted at rest until it is behind at least 2-3 firewalls

## Section 8(a) PAIR and FYI Roles & Responsibilities

- **Primary Authorized Official (AO)**
  - User who has the ability to authorize and sign a submission
  - Start a form
  - Edit/Delete information on a form
  - Submit a form
  - Retrieve Copy of Record
  - Unlock a form for editing
  - Assign Supports
- **Primary Support**
  - Enter and edit information for in progress and unlocked forms

### Welcome

Welcome to the Environmental Protection Agency (EPA) Central Data Exchange (CDX) – the Agency's electronic reporting site. The Central Data Exchange concept has been defined as a central point which supplements EPA reporting systems by performing new and existing functions for receiving legally acceptable data in various formats, including consolidated and integrated data.

### 1. Identity Verification

### 2. Electronic Signature Agreement

This particular registration requires additional proof of identity. Your options are to print and submit a signed form through U.S. Postal Mail to the U.S. Environmental Protection Agency, or optionally use LexisNexis®, an independent 3rd-Party electronic identity proofing service.

**Note:** By clicking [Proceed to Verification] you understand the service is totally voluntarily and that you are validating personally identifying information including last 4 digits of SSN against a 3rd-Party service LexisNexis®, which will return evidence of validation of your personally identifying information back to the U.S. Environmental Protection Agency. The U.S. EPA will not collect or retain sensitive, personally identifying information such as SSN; however, EPA will receive evidence of identity and organization affiliation validation which may be used to identify you and your organization affiliation for legal purposes.

EPA uses third party sites to provide EPA content in a different format that may be useful or interesting to you. When we use these sites, the information we provide is consistent with the intended purpose of the EPA website. Please be aware that the privacy protection provided on third party sites that are not a part of the epa.gov domain may not be the same as the privacy protection described here.

You may [sign the paper form](#) if you do not want to use the automatic verification process.

Section 8(a) PAIR Reporting

OK

TSCA 8(a) gives EPA the broad authority to require, by rulemaking, manufacturer (includes importers) and processors of chemical substances to maintain records and/or report such data as EPA may reasonably require to carry out the TSCA mandates.

Section 8(a) regulations can be tailored to meet unique information needs (e.g., via chemical-specific rules) or information can be obtained via use of "model" or standardized reporting rules. One example of a model TSCA Section 8(a) reporting rule is the "Preliminary Assessment Information Rule" (or PAIR).

## Paperwork Reduction Act Notice

The information collection requirements contained in this proposed rule have been submitted for OMB approval under PRA, 44 U.S.C. 3501 et seq. The ICR document prepared by EPA, identified under EPA ICR No. 2412.01 and OMB control number 2070-NEW, is available in the docket for the proposed rule. The ICR addresses the incremental changes to the currently approved ICR documents that cover the existing reporting and record keeping programs that are approved under OMB control numbers 2070-0004, 2070-0033, and 2070-0054. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The amended information collection activities contained in this proposed rule are designed to assist the Agency in meeting its responsibility under TSCA to receive, process, and review reports, data, and other information. As such, responses to the collection of information covered by this ICR would still be mandatory, but with the final rule, respondents would be required to use the CISS reporting tool.

## Authority

The Government Paperwork Elimination Act (GPEA) (44 U.S.C. 3504) provides that, when practicable, Federal organizations use electronic forms, electronic filings, and electronic signatures to conduct official business with the public. EPA's Cross-Media Electronic Reporting Regulation (CROMERR) (40 CFR part 3) (Ref. 2), provides that any requirement in title 40 of the CFR to submit a report directly to EPA can be satisfied with an electronic submission that meets certain conditions once the Agency published a document in the **Federal Register** announcing that EPA is prepared to receive certain documents in electronic form. For more information about CROMERR, go to <http://www.epa.gov/cromerr>.

### Forms

Under PAIR, producers and importers of a listed chemical are required to report the following site-specific information:

- Quantity of chemical produced and/or imported
- Amount of chemical lost to the environment during production to importation
- Quantity of enclosed, controlled and open releases of the chemical
- Per release, the number of workers exposed and the number of hours exposed

### User Management

Manage the access rights of Supports for each 8(a) PAIR form. For every Support, the Authorized Official may grant him/her the ability to edit (but not unlock, create, delete, or submit) the form.

### Resources

A helpful guide that describes the 8(a) PAIR system and provides useful links for further usability instruction.

#### Authorized Official

An Authorized Official has the ability to create, amend and unlock 8(a) PAIR forms. The Authorized Official may also submit completed forms electronically.

## USER MANAGEMENT

The Authorized Official is responsible for restricting a Support's access to select forms by assigning or unassigning them to each Federal Register Notice. The Support can access and edit only those forms for which the Authorized Official has granted access. Select a federal register notice from the **Federal Register Notice** drop-down menu, and assign a Support to the form by highlighting the individual and clicking the **add** link. To unassign a Support, highlight the individual and click the **remove** link. To highlight and assign or unassign multiple Supports, hold down the **Ctrl** or **Shift** keys on the keyboard and click each Support before moving. You must click the **Save** button after each federal register notice assignment.

FYI Submission

OK

FYI submissions are submissions from a classification system that was established by EPA to distinguish voluntary submissions from substantial risk notices, also known as Section 8(e) Notice, that are formally submitted to EPA under TSCA Section 8(e). The FYI classification was created by EPA to capture submissions by people and organizations not subject to the reporting requirements, but who desire to inform EPA of a potential toxic substance that may pose a risk to human health or to the environment.

The software includes embedded help files and downloadable user manual to guide you through the FYI submission process.

## Paperwork Reduction Act Notice

The information collection requirements contained in this proposed rule have been submitted for OMB approval under PRA, 44 U.S.C. 3501 et seq. The ICR document prepared by EPA, identified under EPA ICR No. 2412.01 and OMB control number 2070-NEW, is available in the docket for the proposed rule. The ICR addresses the incremental changes to the currently approved ICR documents that cover the existing reporting and record keeping programs that are approved under OMB control numbers 2070-0004, 2070-0033, and 2070-0054. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The amended information collection activities contained in this proposed rule are designed to assist the Agency in meeting its responsibility under TSCA to receive, process, and review reports, data, and other information. As such, responses to the collection of information covered by this ICR would still be mandatory, but with the final rule, respondents would be required to use the CISS reporting tool.

## Authority

The Government Paperwork Elimination Act (GPEA) (44 U.S.C. 3504) provides that, when practicable, Federal organizations use electronic forms, electronic filings, and electronic signatures to conduct official business with the public. EPA's Cross-Media Electronic Reporting Regulation (CROMERR) (40 CFR part 3) (Ref. 2), provides that any requirement in title 40 of the CFR to submit a report directly to EPA can be satisfied with an electronic submission that meets certain conditions once the Agency published a document in the **Federal Register** announcing that EPA is prepared to receive certain documents in electronic form. For more information about CROMERR, go to <http://www.epa.gov/cromerr>.

### Submissions

The "For Your Information" (FYI) submission classification system was established by EPA to distinguish these voluntary submissions from "substantial risk" notices submitted formally to EPA under Section 8(e), a mandatory reporting provision of TSCA. The FYI classification was created by EPA to capture submissions by persons or organizations not subject to the reporting requirements.

### User Management

Manage the access rights of Supports for each FYI Submission. For every Support, the Authorized Official may grant him/her the ability to edit (but not unlock, create, delete, or submit) the data.

### Resources

A helpful guide that describes the FYI Submission system and provides useful links for further usability instruction.

#### Authorized Official

An Authorized Official has the ability to create, amend, and unlock FYI Submissions. The Authorized Official must also submit completed data electronically. Finally, the Authorized Official has the ability to assign Supports to individual submissions.

## USER MANAGEMENT

The Authorized Official is responsible for restricting a Support's access to select forms by assigning or unassigning them to each case number. The Support can access and edit only those forms for which the Authorized Official has granted access. Select a case number from the **Case Number** drop-down menu, and assign a Support to the form by highlighting the individual and clicking the **add** link. To unassign a Support, highlight the individual and click the **remove** link. To highlight and assign or unassign multiple Supports, hold down the **Ctrl** or **Shift** keys on the keyboard and click each Support before moving. You must click the **Save** button after each case number assignment.

## FYI

- If starting an FYI Submission for the first time in CDX, click the **Start New Submission** button.
- To edit an **In Progress** submission, click the case number link in the **Case Number** column in the table below.
- To access and edit a **Completed** submission, unlock the submission by clicking the lock icon (🔒) and enter your passphrase originally associated with the selected submission. All additional changes made will be submitted as an amendment. Click the green arrow icon (⬇️) to download a copy of record for a submission.
- You may delete any **In Progress** submission by clicking the delete icon (❌).

## CREATE PASSPHRASE

Please create a passphrase that is at least 8 characters in length and does not exceed 20 characters. To protect your account, your passphrase should contain a combination of letters and numbers. The passphrase you create may include spaces but should not contain special characters (for example, +, ?, and \*). You can associate the same passphrase with multiple submissions.

New Passphrase

Confirm New Passphrase

A passphrase can only be created by an Authorized Official for an individual submission. Your passphrase will be used as an encryption key to protect the contents of your data. As an Authorized Official, you are responsible for remembering your passphrase and distributing it to only authorized Supports.

**Note: You will be responsible for remembering the passphrase and distributing it to only authorized Supports for the case number. If you forget the passphrase, you will not be able to access FYI Submissions to print, submit, or make changes.**
