

Viewing and Printing Property Data

All Cooperative Agreement (CA) information can be viewed in a read-only format and printed in a format that can be shared with others or used for your own reporting and tracking purposes.

1. Open your Internet browser to the following URL: <https://cfext.epa.gov/acres/index.cfm>. Enter the User Name and Password you set during the EPA registration process, and click the “Log In” button. Your ACRES Home page will display.
2. Locate the property you wish to view and click the “[Property Home](#)” link. If the property isn’t currently listed under the Open Work Packages tab, click the “All My Properties” tab. Hint: Use the Find Property tab to locate a property if you are not currently associated to the property.

The screenshot shows the ACRES web application interface. At the top, there is a navigation bar with 'HOME' and 'FIND PROPERTY' tabs. Below this, there are sections for 'Quick Links', 'News, Alerts & Notifications', and 'My Projects'. The 'My Projects' section is active, showing a table of property records. The table has columns for 'Open Work Packages', 'ACRES Property ID', 'Shared', 'Cooperative Agreement', and 'Action'. The 'Rollin Tire TST' row is circled in red.

3. The Property Home screen is a read-only view of all in the ACRES property record. The screen is divided into ten sections, generally based on the Property Profile Form (PPF): Profile Information, This Property is Addressed by These Cooperative Agreements, Property Progress, Assessment Activities at This Property, Contaminants & Media, Institutional & Engineering Controls, Cleanup Activities, Ready for Reuse, Redevelopment & Other Leveraged Accomplishments, and Additional Property Attributes.

Profile Information

This section contains general identifying information about the property, such as property address, property size, parcel number, and property contacts.

The ACRES Property ID is assigned automatically by ACRES when the Property record is created. The "[Property Progress Profile](#)" link opens EPA's Cleanups in My Community Web site where you can search for information about the property. All other profile information is entered by ACRES users. The map is based on the latitude and longitude data supplied in the property record
