Agent/Consultant Sponsorship Process

- Anticipated/Process Flow:
 1. AO invites Agent/Consultant (email)
 2. Agent/Consultant
 - A. If new to CDX, registers in CDX
 - B. If not new to CDX, logs in to CDX
 - C. Accepts or rejects offer
 3. AO receives acceptance; approves sponsorship of Agent's CDX login
 4. Agent verifies Sponsor/Agent relationship

Agent/Consultant Access

- An Agent/Consultant may support either a Primary or Secondary AO.
- An Agent/Consultant may be sponsored by multiple AOs from multiple organizations.
- Sponsors will not see other sponsor's forms of an Agent/Consultant.
- An Agent/Consultant can only see the list of forms that he/she creates or that his/her sponsor gives access to and can only open forms that he/she has the passphrase for.
- If the sponsor leaves a company, the Agent/Consultant loses access to the company's forms and must find a new sponsor at the company.

Frequently Asked Questions & Answers

Office of Chemical Safety and Pollution Prevention

Q&A – Part 1

- Question: Do I need to register with CDX to submit or to work on Section 5 Notices?
 - Answer: Yes, you must be registered with CDX to work on or submit Section 5 Notices and Supports forms.
- Question: What is LexisNexis?
 - Answer: LexisNexis is a third-party identity proofing service that verifies a user's identity.
- Question: What if I do not pass ID proofing with LexisNexis? What do I have to do?
 - Answer: If the LexisNexis identity validation fails, the user is required to sign and mail a paper electronic signature agreement (ESA) which can take ten (10) business days to process.

Q&A – Part 2

– Question: As a non-U.S. person, how is my identity verified?

- Answer: You would register in CDX as an Authorized Official, and mail a paper electronic signature agreement (ESA).

– Question: Do Support users need their identities verified?

- Answer: Since a Support user will not have the ability to sign/submit data to EPA, they do not need to undergo the same level of validation as Authorized Officials or Agents/Consultants.

Q&A – Part 3

- If I have been approved for the TSCA workflow, do I need to reregister in CDX to work in the new ePMN under the CSPP workflow?
 - Answer: If you are approved for the TSCA workflow, you do not need to reregister in CDX. However, you will need to register for a new user role and the CSPP workflow. If you are already identity-proofed and have an approved ESA on-file, you can add the CSPP workflow and add a user role (if a different one is needed) since the ESA can be reused for certain workflows. All persons registered and approved for TSCA are already identity-proofed, but must sign an ESA.

Q&A – Part 4

- Question: What role should I register for in CDX?
 - Answer: EPA will release documentation (user guides, other documentation) to assist users identify which role an individual should register for.
- Question: Can I have more than one role in CDX?
 - Answer: It is possible to register for more than one role under a single user ID. However, when you access the application, you can only access the application under one user role at a time.

Q&A – Part 5

- Question: What does Primary mean (AO, Agent, or Support)?
 - Answer: Primary refers to the submitter for the following Section 5 Notices:
 - PMN (including LVE, SNUN, LoREX, etc.), Biotechnology (e.g. MCAN), Support forms (such as test data on PMN, amendments to older submissions, withdrawal requests, and Notices of Transfer), Notice of Commencement (NOC), Bona Fide Intent notices, ACM notices
- Question: What does Secondary mean (AO, Agent, or Support)?
 - Answer: Secondary refers to companies submitting information directly to EPA to support another company's submission. Applies to:
 - Joint PMN, Joint Biotechnology, or Letter of Support (PMN, Biotechnology, Bona Fide)

Q&A – Part 6

- Question: What functions can Primary AOs perform in the Section 5 Notices and Supports application?
 - Answer: Primary AOs can create, edit, delete, unlock, and download the Copy of Record (CoR) for submissions, as well as designate Supports and Agent/Consultants and manage their access to submissions.
 - Initial submission of forms (PMN, NOC, Biotechnology, or Bona Fide) must be submitted by a Primary AO from the submitting company, who has a US address, and who can legally sign and certify to the content. All other forms (ACM, Support, and amended notices) can be submitted by a Primary AO or Primary Agent/Consultant.

- Question: Who can create and submit Support forms?
- Answer: Only Primary Authorized Officials or Primary Agents/Consultants can create and submit Support forms. Registered Support persons are only able to edit form information once they are assigned the form and given access by an Authorized Official.

Q&A – Part 8

- Question: For what organization name should I register?
 - Answer: The forms created within the Section 5 Notices and Supports CDX application are grouped based on organization name. Any AO registered with that organization name may see form aliases and case numbers within the forms table. However, the data within the forms cannot be accessed without the passphrase.
- Question: Can I be registered under more than one organization name?
 - Answer: Yes, you may register for more than one organization name, and must select which organization you will be working under when logging into CDX. In addition, multi-AO functionality means that all AOs registered under the same organization name will be able to view the forms that other AOs within that organization create.

Q&A – Part 9

- Question: If my organization changes name, how do I access old company files?
 - Answer: Users should maintain old organization names within registration and keep the passphrase(s) for all forms. Make sure you download the Copy of Record and securely maintain records outside of CDX. Users may also register under the new organization name to submit and manage new forms.

Q&A – Part 10

- Question: Do I need to have multiple user IDs within CDX to serve as an agent/consultant to multiple organizations?
 - Answer: No, you do not. When you log into CDX under a single ID, you have the option to select any user role for which you have been approved and then under each role, any organization that you will represent during that CDX session under that role.

–How are facilities within a PMN identified?
