GAP FAQs

Laura M. Ebbert
Manager, Tribal Section
US EPA, Region 9

January 27, 2016

GAP Guidance

- To provide a consistent national framework for building tribal environmental program capacity under GAP
- To establish framework for joint strategic planning with EPA and targeting resources to build tribal environmental program capacities (ETEP)
- Find allowable (media test drives) and restricted activities (implementation)

GAP Guidance Appendices

- GAP Guidebook
 - Find Capacity Indicators (help set priorities)
- Appendix 4 - Water Activities
 - What's allowable and not allowable from the Office of Water

GAP Solid Waste Supplemental Guidance

- Describes the allowable and unallowable Solid Waste activities under the new GAP Guidance in detail
- Divided by Priority as detailed in Section E of Appendix 1

GAP FAQs

- Answers questions about community clean-up events
- Ongoing activities
- And more!

44 Questions from the National Tribal Caucus to AIEO

- AIEO has only answered the first 9 questions of the 44
- Communicates Tribal Caucus concerns to the broader RTOC community, and comes directly from tribes implementing the program.
