NCCT Data Request and Confidentiality Agreement

In the spirit of cooperation and coordination within EPA, the parties whose signatures are affixed below agree to internally share prepublication raw (and/or normalized) data and keep the data confidential. Specifically, this data request and confidentiality agreement refers to accessing data originating from the following sources:

1. ToxCast high throughput screening;
2. ToxRefDB toxicity data curation activities;
3. Virtual Liver experiments, knowledgebase or simulation;
4. Virtual Embryo experiments, knowledgebase or simulation.

TERMS OF CONFIDENTIALITY

1. I agree that these data are to be shared only within the immediate working group of the EPA investigator who is requesting access to the data.
2. I agree to inform all individuals in the EPA investigator's working group that the data are to remain confidential.
3. I agree not to present or publish the data, or interpretations of the data, without the prior written approval of the NCCT Director.

REQUEST FOR ACCESS TO NCCT DATA

All requests for access/use of data must be made in writing using this request form, and submitted to the NCCT Director with reasonable advance notice. Data will not be released without agreeing to the terms of this agreement and the written approval of the NCCT Director.

- 1. EPA Investigator's Name: Michael-Rock Goldsmith
- 2. Organization (Laboratory/Center/Division/Branch): NERL/HEASD/EDRB
- 3. Phone #: 919-541-0497
- 4. Mailing Address: E-205-01

5. What data is being requested? ToxCast data on ESC

6. What is the intended use of the requested data?

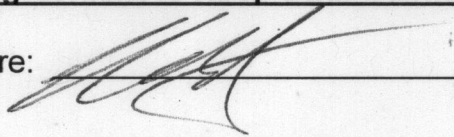

Some analysis on the use of structure-based and ligand-based in silico tools to be compared and validated against experimental endpoints that ToxCast contains.

7. How is it anticipated that the data will be used in presentations or publications prior to the data being publicly released by NCCT?

It will most likely not be used prior to public release, however it may be used collaboratively with the NCCT before the public release with NCCT's permission only.
