

Long-term Contracts (released on October 26, 2015)

The Long-term Green Power Contracts list highlights the Green Power Partners that have signed a contract to purchase green power for five years or more. The combined green power use from these 102 contracts amounts to more than 3.6 billion kilowatt-hours of green power annually, which is equivalent to the electricity use of nearly 337,000 average American households each year.
