

## Top 30 Local Government Partner List (Released April 21, 2014)

The Top 30 Local Government list represents the largest green power users among local government partners within the Green Power Partnership. The combined green power use of these organizations amounts to more than 2.8 billion kilowatt-hours annually, which is equivalent to avoiding the carbon dioxide emissions from the electricity use of more than 270,000 average American homes annually.
