**Re: Notification of Construction Start Date for Six Natural Gas-Fired Boilers
Celanese Acetate (Celanese) – Narrows, VA**

Dear Mr. Weld:

We are writing in accordance with Condition 27.a of our "Prevention of Significant Deterioration Permit – Stationary Source Permit to Construct and Operate" dated December 6, 2012. We commenced construction of natural gas boilers B10 – B15 on July 16, 2013. On that date, permanent storm water drainage structures common to all of the six gas-fired boilers were installed.

If you have questions or require additional information concerning this notification, please contact me at (540) 921-6410.

Sincerely,

Andrew A. Hetz
Staff Environmental Engineer
Celanese Acetate, LLC
