## U.S. Environmental Protection Agency's Landfill Methane Outreach Program

# Endorser Agreement

between the U.S. Environmental Protection Agency's (EPA's) Landfill Methane Outreach Program (LMOP)

and \_\_\_\_\_ (Organization Name).

LMOP Endorsers support LMOP in principle and encourage their members to promote LMOP's goal of increasing the development of landfill gas as an energy resource, thereby reducing emissions of methane, a potent greenhouse gas.

LMOP Endorsers and EPA agree that, while this agreement is in effect, either party may publicize the fact that this endorsement has been made. Upon your acceptance as an LMOP Endorser, your organization and contact information will be considered publicly available information.

LMOP Endorsers and EPA also agree to cooperate on at least one public recognition event or outreach activity (e.g., newsletter or journal article, conference presentation) per year to promote the goals of LMOP and the Endorser.

Both EPA and \_\_\_\_\_ (Organization Name) recognize that this agreement is voluntary, and may be terminated at any time by either party without notice or penalty. EPA will only release information obtained from the Endorser without prior authorization from that organization if required to do so under the Freedom of Information Act, the Agency's regulations at 40 CFR part 2, subpart B, or other applicable law.

The undersigned officials execute this Endorser Agreement on behalf of their parties.

## LMOP LOGO USE GUIDELINES

These LMOP Logo Use Guidelines are designed to provide a clear, easy reference. Please note that the LMOP logo, shown here, should be used only in accordance with these guidelines. A copy of the logo and these guidelines should be forwarded to your marketing support manager or appropriate representative.

LMOP Partners may use the LMOP logo only on materials that promote LMOP or LFG utilization. Such materials include advertisements, brochures, product literature, websites, and catalogs.

### LIMITATIONS ON USES OF THE LMOP LOGO

The LMOP logo must not be used in any manner that implies EPA endorsement of any LMOP Partner products, services, or systems. Partners must always use the entire LMOP logo.

Materials containing the LMOP logo must conform to the following guidelines:

- The LMOP logo must never be applied directly (as a decal, label, or in any other form) to a product, service, or system or on any materials used in the packaging of this product, service, or system.

- When using the LMOP logo in advertisements or any other promotional materials, Partners must conform to the following guidelines:
  - The logo must not be placed in the body of the text or next to or below a photograph or another depiction of the product, service, or system promoted.
  - The logo must follow the company name or appear in the bottom left-hand or right-hand corner of the advertisement page or advertisement block separated from text and photographs of the product, service, or system promoted.

### LIMITATIONS ON TEXT MENTIONING LMOP

Text mentioning LMOP must conform to the following guidelines:

- All statements in the text must be factual.
- References to LMOP must be in accordance with the descriptions presented in current program information distributed by EPA.
- Text describing the relationship between the Partner and LMOP must not claim or imply that the Partner's association with LMOP goes beyond the agreement set forth in the MOU.

### EPA LMOP LOGO REVIEW POLICY

The Partner agrees to deliver to EPA any materials developed by the Partner that use the LMOP logo or otherwise mention LMOP before printing copies so that EPA may review such materials for conformance to LMOP standards. EPA ensures a response to the submission within three (3) business days of its receipt. All submissions using the LMOP logo will be evaluated and approved on a case-specific basis and must be submitted before printing via email to [lmop@epa.gov](mailto:lmop@epa.gov).
