|          | Designated Type:   |  |                                 |  |  |  |  |  |  |  |
|          | (Check One)  | SmartWay Trailer   | SmartWay Elite Trailer          |  |  |  |  |  |  |  |
|          |  | (5% fuel savings or higher)                              | (9% fuel savings or higher)     |  |  |  |  |  |  |  |

The following types of technologies may be used for your trailer:

NOTE: Fleets are not required to have all four types of technologies to achieve the SmartWay Designation or the SmartWay Elite Designation.

Low rolling resistance new tires or retreads must be maintained on SmartWay Designated Trailers.
