> Re: <u>New Bedford Harbor Superfund Site—Modification of Effective Date of</u> <u>Unilateral Administrative Order for Remedial Design, Remedial Action, and</u> <u>Operation and Maintenance (U.S. EPA Docket No. CERCLA-01-2012- 0045)</u>

Dear Mr. Gill-Austern:

Enclosed please find a copy of the executed Modification of Effective Date of Unilateral Administrative Order for Remedial Design, Remedial Action, and Operation and Maintenance, U.S. EPA Docket No. CERCLA-01-2012-0045 ("Order"). This modification changes the effective date of the Order from sixty (60) days after the date of signature of the Order to the specific date of July 17, 2012. As the date of signature of the Order is April 18, 2012, this modification changes the Order's effective date from June 18, 2012 to July 17, 2012.

Because AVX Corporation has agreed to engage in mediation with the United States and the Commonwealth of Massachusetts to resolve the parties' dispute, including AVX's liabilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, at the Site, EPA is now extending the effective date of the Order to provide additional time for the parties to determine whether a settlement can be reached. Please contact Man Chak Ng, EPA Senior Enforcement Counsel, at (617) 918-1785, with any questions.

Sincerely,

Yames T. Owens, III, Director Office of Site Remediation and Restoration U.S. Environmental Protection Agency
