Hi Allan:

At our meeting on October 5, 2006, I asked for clarification on the electrofishing station numbers referenced in the Fishery Survey Results report, dated May 2006. The transect stations are depicted in Figure 2-1 (p. 23), but they aren't numbered. Could you confirm with Normandeau that the following stations are numbered correctly, or, if not, provide me with the correct station numbers?

Ambient Zone (11 E, W, 12 E, W)  
Mixing Zone (13 E,W, 14E, W)  
Thermal Zone (15E,W)  
Canal (16, 17, 18)

Thanks.  
Eric
