Los Angeles Food Recovery Links and Resources 2015

Learn about some food recovery alternatives in the Los Angeles area. EPA's Food Recovery Hierarchy prioritizes these food waste strategies from most to least preferable.

1. Source Reduction

Source reduction is the strategy of preventing food from becoming waste in the first place. There are many resources available to tackle source reduction:

- **U.S. EPA Food Recovery Website:** <http://epa.gov/foodrecovery>
 - » [Food and Packaging Waste Prevention Tool \(spreadsheet\)](#): Tracks the amount and reasons specific foods are wasted.
 - » [Reducing Wasted Food & Packaging: A Guide for Food Services and Restaurants](#): Provides guidance on using the prevention tool assessment results to save money and reduce waste.
 - » [Food Waste Management Calculator \(spreadsheet or PDF\)](#): Estimates the cost competitiveness and savings of alternatives to food waste disposal, including source reduction, donation, composting, and recycling of yellow grease.
- **National Restaurant Association ConServe Program:** <http://conserve.restaurant.org/Learn/Reduce-Waste-Recycle>: Provides resources and tools to help restaurants through each step of a food waste reduction program; provides videos to accompany many of the EPA resources listed above.
- **Leanpath:** www.leanpath.com: Company assists foodservice operations in reducing food waste, website provides many free tools, videos and case studies.

2. Feed Hungry People (Donations)

The resources below include national, regional and local organizations which take food donations in the Los Angeles area. Most take non-perishables, and some accept surplus perishable foods. Be prepared to describe your donations in terms of packaging, preparation, frequency and type. The LA County of Public Health provides a fact sheet on Guidelines for Safe Food Donation: <http://www.publichealth.lacounty.gov/eh/docs/WhatsNew/FoodDonations.pdf>

- **Food Finders:** www.foodfinders.org/;
 - » 3744 North Industry Ave., Suite 401, Lakewood, CA 90712; (562) 283-1400

- » Multiregional food bank and food rescue program headquartered in Signal Hill, CA.
- » Picks up donated food from grocery stores, bakeries, restaurants and produce markets and distribute it directly to missions, shelters and social service agencies.
- » Volunteers and staff drivers pick up and deliver on a same-day basis.
- **Chefs to End Hunger:** <http://www.chefsendhunger.org/>. Formed by LA and SF Specialty Bakeries that provides businesses with kits containing delivery boxes, pads and aluminum pans to fill with donation food. Once the kit is filled and packed, they can be given to a Specialty Bakery Driver where the boxes will be consolidated and donated to a food bank.
- **Burbank Green Alliance:** www.burbankgreenalliance.org/green.html; Resources in the Burbank area for Zero Waste Food Service for food service organizations especially within the entertainment industry.
- **City of LA Sanitation:** www.lacitysan.org/solid_resources/recycling/services/food.htm. Permitted waste haulers collect food waste from food service establishments. This website includes information on food waste rebates, certified haulers and contact information, as well as a list of organizations that accept surplus food for human consumption and animal feed.
- **Culver City Food Waste Recycling:** www.culvercity.org/en/Government/PublicWorks/EnvironmentalPrograms/Recycle/FoodWasteRecycling.aspx; Culver City offers food waste bins and pickup as part of trash hauling service within city limits. Service includes a free assessment and guidance on implementing a comprehensive recycling program, including food waste diversion.
- **LA Kitchen:** www.lakitchen.org/; works directly with local farmers and wholesale produce companies to collect fruits and vegetables that are unsalable due to cosmetic issues or lack of commercial demand. All donations and purchases are processed at central hub for distribution or storage for use at a later date.

In Los Angeles and Elsewhere:

- **Rock and Wrap It Up!:** <http://rockandwrapitup.org>: Matches vetted charities with eligible donors of perishable food including entertainment venues, hotels, K-12 schools and colleges, sports teams, and hospitals. Offers the free "Whole Earth Calculator" to convert pounds of food to pounds of CO2 equivalent (CO2e); eventmobi.com/rwu1
- **Food Pantries** - Many have varying or limited capabilities for storing food donations and therefore limit the types or timing of donations. It's often best to contact several to determine which can use your donations. Below are links to find local food pantries.
 - » The Los Angeles Regional Food Bank has more than 350 organizations listed on its "Pantry Locator" (self-reported and updated annually): <http://www.lafoodbank.org/pantry-locator.aspx?zip=>.
 - » Ample Harvest: www.ampleharvest.org/find-pantry.php
 - » Food Pantries.org: www.foodpantries.org/st/california: The following food pantry may accept perishable donations:

The Good Samaritan Act was created to prevent good surplus food from going to waste by protecting donor companies from liability when donating to charitable organizations.

Highlights:

- Encourages the donation of surplus food.
- Protects all food and grocery donors who donate in good faith to a non-profit organization.
- Exceptions are noted for gross negligence.
- Provides protection for food and grocery products that meet all quality labeling standards imposed by federal, state and local laws and regulations.

3. Feed Animals

- **Pig/Hog Farms:** Large pig farms may accept food scraps. The Federal Swine Health Protection Act requires that food containing, or that comes in contact with meat or animal materials must be boiled before being fed to pigs. Consequently, many local pig farmers are primarily interested in single-stream fruits and vegetables or grain waste. Arrangements are often informal, and can be intermittent.

Pig Farm	Location	Information
Rainbow Ranch Farms	10353 Oasis Rd Pinon Hills, CA (760) 868-6206	Interested in food scraps, brewery spent grains; can receive food scrap/food waste in 10-ton increments and 2-ton totes. Delivery company will need to have a lift gate and pallet jack.
Da-Le Ranch	24895 Baxter Ranch Rd Lake Elsinore, CA 92532 (951) 657-3056	No institutional leftovers, have to be cooked before being fed to pigs; compost non-toxic green waste and non-citrus fruits and veggies not fed to the pigs.
Old Reminisce Farms	The USA Herd, P.O. Box 16, Jurupa Valley, CA 91752 (951) 505-5230 http://olderemiscefarms.com/farming-practices	Takes spent brewery grains, seasonal fruits and vegetables as feed.

- **Spent Brewery Grain:** Spent brewery grain can be used as animal feed, primarily for cattle, but also for pigs, goats, fish and almost any livestock. Most breweries give the grain away to local farms. Manufacturers with single food waste streams can find local farms and ranches to donate their excess/by-product.

4. Industrial Uses

Fats, oils and grease, also known as FOG, can be converted to fuels and has various industrial uses. Los Angeles area options and resources include:

- **Waste to Biogas Resources:** <http://epamap21.epa.gov/biogas/index.html>. Searchable database of local biogas facilities that may accept FOG or food waste. The City of Los Angeles wastewater treatment plants do not currently accept FOG or food waste for co-digestion.
- **Biogas Food Waste Systems:** www.americanbiogascouncil.org/biogas_foodWaste.asp
- **CalRecycle List of Anaerobic Digestion Projects in California:** www.calrecycle.ca.gov/Organics/Conversion/ADProjects.pdf; list of anaerobic digester projects in California includes facilities that are currently operational, under construction, and in the permitting phase; includes feedstock used/accepted.

Los Angeles Food Recovery Successes:

Whittier College founded their chapter of the Food Recovery Network and have recovered more than 4,600 pounds of food from a single dining hall using 7 volunteers. <http://www.foodrecoverynetwork.org/our-chapters/california/whittier/>

Los Angeles Unified School District donates up to 21,000 uneaten meals each day to nonprofit organizations that feed the hungry. L.A. Unified serves 650,000 meals a day at about 1,000 locations and leftovers include packaged foods such as granola bars or cereal, entrees, fruit, vegetables and milk. L.A. Unified expects about 200 agencies eventually will take part. <http://articles.latimes.com/2011/may/29/local/la-me-laUSD-donations-20110529>

U.C. Los Angeles Dining Services recover left over produce, prepared food, eggs, and milk from large student events for donation to the Los Angeles Food Bank and Los Angeles Mission. In September 2014, Dining Services donated over 1,300 lbs and more than 2,200 turkey wraps, cookies, and sliders from the 2014 New Student Welcome BBQ. In September 2013, Dining Services donated 386 lbs. of food left over from the New Student Welcome BBQ. In December 2012, 8,200 pounds of left over produce were donated as part of the Winter Break shut down. <http://www.sustain.ucla.edu/housing/dining-green/food-donations/>

Waste Management collects food scraps from restaurants, grocery stores, hotels, and food processing plants, and takes them to its facility in Carson City for grinding into a slurry. The slurry is then taken to a [Los Angeles County wastewater treatment plant](#), where it is mixed in with sewage in anaerobic digesters to produce biogas for energy production.

Several Los Angeles breweries, Eagle Rock Brewery, San Pedro Brewing Golden Road Brewing, and Belmont Brewing donate spent grain to farmers and schools for feed for horses, cattle, and pigs.
